**NOTICE**

A minimum 2-week review period begins at 9:00 a.m. on the day following receipt of this application. No work shall be performed, nor any accepted until a permit has been issued.

---

I hereby certify that the statement in this application and the attachments hereto are true and correct and that the property owner has given permission for this work to proceed. I further certify that all construction work under this permit will conform to the attached plans, specifications, and to the Codes and Ordinances of the City of Choctaw. All Electrical, Mechanical, and Plumbing will be performed by license contractors with the State of Oklahoma and the City of Choctaw. I certify that the code official or the code official's authorized representative shall have the authority to enter area covered by such permit at any hour to enforce the provisions of the code(s) applicable to such permit.

Applicant Signature:  
Applicants Name (Print):  
Date:

I hereby agree to a $1,000.00 Contractors Occupancy Agreement Deposit, per separate form filled out. The deposit is refundable if there is NO OCCUPANCY prior to the issuing of a Certificate of Occupancy. I hereby certify that as my condition for the issuance of a Certificate of Occupancy.

July 2017
Prior to issuance of a building permit, the following site plan items should be submitted to the office of City of Choctaw with an application for a building permit. After receiving all of the necessary items, the review period shall begin.

*NOTE: Mirrored or flipped plans will not be accepted*

### COMMERCIAL / INDUSTRIAL STRUCTURES

1. **A scale drawn site plan containing the following:**
   - All plot lines and lot dimensions
   - All existing and proposed structures
   - Distances between lot lines and buildings (existing and proposed)
   - Driveways with dimension
   - Neighboring Driveways
   - Distances between buildings
   - All required parking spaces and loading areas
   - Driveway approach
   - Neighboring Driveway Approach
   - All existing & proposed utilities
   - All existing and proposed utility easements and right of way with dimensions
   - Building set back lines with dimensions
   - Flood zone boundaries (100 & 500 yr)
   - Scale, North Arrow, Date, Contact information
   - Address of project
   - Landscaping Plan

2. **A scaled, professionally designed Architect/Engineer plan of the building containing the following:**
   - All exterior walls and dimensions
   - All interior walls and partitions
   - ADA Compliance Plan
   - Elevation design
   - Building mechanical drawings
   - Building electrical drawings
   - Building plumbing drawings
   - Foundation Plan
   - Building Elevations
   - Ceiling Joist Plan*
   - Rafter Layout Plan
   - Structural Plan

3. **Engineered Civil Plan.**
   - Finished floor elevations
   - Base Flood Elevation + 1 foot freeboard
   - Utility Layout
   - Proposed and existing routing of drainage water showing all drain ways, curbs, retaining walls, etc.
   - Drainage Design Layout (2' contours)
   - Engineering calculations (100 year flood event)
   - Land Clearing Controls
   - Traffic Pattern Design
   - Paving & Grading Plan
   - Driveway Design
   - Parking Design and Details
   - Sidewalk(s) and ramp(s)
   - Engineer Details
   - Drainage flow arrows
   - 100 and 500 year flood zone boundary

4. **Documentation**
   - Warranty Deed
   - Ground Clearing Permit
   - Utility Connection Application
   - Copy of Perk Test (if applicable)
   - Execute Easement (if applicable)
   - Road Cut/Bore Permit (if applicable)
   - Asbestos Report (if applicable)
   - Manufactures Designs Layout (if applicable)
   - Manufacures Design Data Review (if applicable)
   - Building Façade Color Scheme (if applicable)
   - Elevation Certificate: (pre & post)
   - Lot merge/split/or subdivision (if applicable)

*NOTE: Ceiling Joist Plan (Manufactured)*

- Layout Design
- Products Chart
- Title Block
- Blocking Chart
- Framing Connectors Summary Chart
- Certificate Documentation
- Signature of Designer (Blue Ink)

CONSTRUCTION POLICIES AND PROCEDURES

The City staff will complete all inspections request within forty-eight (48) hours. In order to provide consistent and efficient service to all contractors, these policies and procedures will be followed:

- Accurate construction plans must be submitted for permit approval. No reversed or partial plans are accepted. Construction may begin only after the appropriate permit is issued.
- Designs must be stamped and signed by an Oklahoma license design professional for all drawings, except landscaping.
- Mechanical/Electrical/Plumbing permits will be issued to licensed contractors only. Contractor must hold current State of Oklahoma and City of Choctaw licenses.
- Only licensed contractors may call and request inspections with the City of Choctaw. The construction address is needed to log an inspection request.
- Re-inspections will be made but an additional charge of $25.00 or $50.00 will be assessed if inspections called in are not actually ready to be inspected, as determined by the building inspector.
- All fees will be paid before a building permit is issued and/or building inspection is performed.
- Partial inspections may be performed if arrangements are made in advance with the building department.
- All inspections must be made and approved before anything is covered up. This is the permit holder’s responsibility.
- The building permit sign will be posted on the job site and visible from the street.
- Concrete washouts and trash containers will be on site to maintain the construction site of any rubbish.
- Portable toilets must be available to the construction site. (Maximum – 1 per 2 lots/1 every 330 ft)
- Final inspections will be made only when the building is complete, including driveways, sidewalks, light fixtures, carpets, address posted, landscaping, post-construction erosion controls, elevation certificate, etc.
- Certificate of Occupancy will be issued after all finals are complete. Occupying the structure is prohibited unit such time.
- All permits issued are valid for six (6) months form date of issuance. The building official may grant an extension upon a request from the permit holder.

COMMERCIAL/INDUSTRIAL FEE STRUCTURE

(Non-Refundable)

- Site Plan Review $\text{Varies}$
